Background:Previous Ward Boundary Review Discussions at Council

The City of Brampton's ward boundaries were last reviewed in 2012/2013, with ward boundary changes implemented for the 2014 Municipal Election. These ward boundaries have remained in place since the 2014 Municipal Election to present day.

Following requests from Council for information on population projection forecasts and terms of reference for a potential Council composition and ward boundary review, staff presented a [report](#) to the Governance and Council Operations Committee on July 6, 2020. Subsequently, Council passed Resolution GC007-2020 at its meeting of July 8, 2020:

GC007-2020:

1. That the report re: Council Composition, Ward Boundary Review and Terms of Reference (RM 5/2020), to the Special Governance and Council Operations Committee Meeting of July 6, 2020, be received;

2. That direction be provided to staff to:
 - a. Not proceed with a change in Council composition;
3. That direction be provided to staff to:
 - a. Not proceed with a Ward Boundary Review for completion prior to the 2022 election; and
4. That staff conduct preliminary population research and report back to Council in the form of a workshop, with the intent to complete a Ward Boundary Review in advance of the 2026 election.

In September 2021, staff provided updated population projection forecasts during a [Council Workshop](#).

At its November 28, 2022 meeting of Council, a petition by members of the public, accompanied by two public delegations, was presented, and requested Council to reduce its composition and to reduce the number of wards from 10 to eight. The delegations and petition were referred to the December 7, 2022 meeting of Council and received.

In April 2023, [staff reported](#) to Council seeking direction on whether to commence a council composition and ward boundary review. Council passed Resolution C079-2023 at its meeting of April 5, 2023:

C079-2023:

1. That the report from Shawnica Hans, Program Manager, Elections, City Clerk's Office, to the Council Meeting of April 5, 2023, re: Ward Boundary Review Process – Terms of Reference, be referred back to staff for further review and potential integration with Bill 23 and Bill 39 research; and
2. That the correspondence from Cody Vatcher, Brampton resident, dated April 5, 2023, re. Item 13.1 – Staff Report re. Ward Boundary Review Process – Terms of Reference, to the Council Meeting of April 5, 2023, be received; and
3. That correspondence be sent to the Minister of Municipal Affairs and Housing from the Bill 23 Task Force outlining the current position.

Staff from the City Clerk's Office met with Planning, Building and Growth Management staff to determine the potential integration of ward boundary review work with existing work being conducted in relation to Bills 23 and 39. At the time, it was determined that the scope of work for the Bills 23 and 39 research did not encompass ward boundary review work. Further, the City was expecting updated population projection figures from the Region of Peel which would include 2021 Census information. In addition, during the latter half of 2023, provincial decisions related to the Region of Peel dissolution were being considered, which would have an impact on the City's ward boundary review, if initiated at the time.

Recent Ward Boundary Reviews in Other Municipalities

The City's last ward boundary review was conducted internally, over a nine-month period. The review was led by the City Clerk's Office, in partnership with various departments, and covered three election cycles (2014, 2018, and 2022).

Several ward boundary reviews have been conducted in neighbouring municipalities in recent years, over the last two election cycles. Some reviews focused on ward boundaries alone, while some, like the City of Guelph, undertook a review of Council composition as well. The majority of recent ward boundary reviews were conducted by external consultants. Appendix 4 of this report includes a table showing the timelines and budget of recent ward boundary reviews.

Current Situation:

The following information has been updated from the 2023 Council report, and includes additional considerations for a review of council composition and ward boundaries.

Reviewing Council Composition

Section 217 of the *Municipal Act, 2001* (the "Act") authorizes a local municipality to change the composition of its Council subject to the following rules:

- Minimum of five members, one of which is the Head of Council
- Members are elected in accordance with the *Municipal Elections Act, 1996*
- Head of Council is elected by general vote
- Members, other than Head of Council, are elected by general vote or wards, or by any combination of general vote and wards
- Representation of the City at Regional Council shall not be affected by a change in composition at the local level.

Council moved from an 11-ward composition to 10 wards for the 2006 Municipal Election.

Ward boundary reviews can provide an opportunity for Council to review its composition, and make changes if necessary.

Staff has outlined potential options for a change in Council composition. These options are based on a premise that City Council does not wish to increase or decrease the total size of City Council (1 Mayor and 10 Councillors), and on the premise of current regional representation. It is highly recommended that a decision on Council composition be made ahead of a ward boundary review.

Option 1: Maintain current structure

The municipality is divided into 10 wards, with five ward pairings. Each ward pairing is represented by a City Councillor and Regional Councillor, with the Mayor elected to serve at large. Three additional Regional Councillors are appointed by City Council at the beginning of the term of Council, from amongst the five City Councillors. The Head of Council also serves on Regional Council. Council is not required by the Act to review or change its composition and may decide to maintain the current structure.

Option 2: Revision to current ward pairings

Council may wish to change the existing ward pairings based on projected population and growth in certain wards (see Appendix 1). In this scenario, while wards would still be paired, the current ward pairings would likely change. Based on the new ward pairings, a new approach for how to elect Councillors to Regional Council may be required to ensure adequate representation.

Option 3: Unpair wards

Council could continue with the 10-ward structure, but without pairs, so that each Councillor represents one ward only. For the next municipal election, 10 individuals would be elected to serve as City Councillor for their respective ward. The current regional representation of eight (8) Regional Councillors would continue. A new approach for electing Councillors to Regional Council would be required. One option is that the eight Councillors who received the most number of votes (total votes or percentage) in the municipal election would be appointed to Regional Council, along with the Mayor. Alternatively, Council could establish its own selection process for the eight (8) Regional Councillors from amongst the 10 elected City Councillors.

Option 4: Clean slate review and definition of new wards

Council may wish to direct staff to conduct a “clean slate” review in which the existing ward boundaries are removed and new wards are created without reference to the previous wards and based on the ward boundary criteria, as approved by Council.

Option 5: Create a new composition with eight wards

Council may direct staff to create an eight-ward scenario, with the election of eight Regional Councillors and two City Councillors. Each Regional Councillor would represent one of the eight wards.

The eight wards would then be split into two groupings, for example, Wards 1-4 as one grouping, served by one City Councillor, and Wards 5-8 as the other grouping, served by the second City Councillor.

The public petition presented to Council in November 2022 requested that the wards be reduced from 10 to eight.

A Ward System Aligned with Provincial and Federal Electoral Districts

In the 2020 ward boundary report to Council, staff provided an additional option for consideration – aligning ward boundaries with provincial and federal electoral districts.

For the 2018 Municipal Election, the Government of Ontario changed the City of Toronto’s ward boundaries to be identical to the Ontario and federal electoral districts. Staff provided a similar option to be considered, by creating five wards that mirror the five electoral districts within Brampton. After the 2021 Census, Elections Canada began a review and redistribution exercise for federal electoral districts. Included in the redistribution is a sixth electoral district for Brampton, in which part of north Brampton is combined with part of south Caledon to form the new electoral district Brampton North – Caledon. The new federal electoral district boundaries will be established by April 2024, at the earliest.

As such, staff does not believe that aligning ward boundaries with the proposed six Federal electoral districts is a suitable option, as the new sixth electoral district will include part of the Town of Caledon.

Reviewing Ward Boundaries – Legislative Requirements

Under the Act, municipalities can establish, re-divide, or dissolve existing wards. While the Act states that a municipality has the authority to change their ward boundaries, it does not specify how to conduct such a review or any parameters to consider.

Establishing Criteria for a Ward Boundary Review

Municipalities across Ontario that have conducted ward boundary reviews rely on a set of generally accepted principles when defining or refining ward boundaries. These principles have been developed based on previous Supreme Court of Canada and Ontario Municipal Board (OMB) (now Ontario Land Tribunal (OLT)) decisions. The previous City of Brampton ward boundary review also incorporated these principles.

These principles are considered in order to achieve the primary goal of a ward boundary review, which is “effective representation”, as established by the Supreme Court of Canada.

According to the City of Toronto’s Ward Boundary Review website, “the primary consideration when it comes to effective representation is “voter parity” (often also referred to as representation-by-population). This is the principle that all votes should have equal weight and therefore the number of people living in each voting area (i.e. ward) should be similar. This is fundamental to the democratic electoral system.”

While there is no requirement under the Act for municipalities to conduct a review of ward boundaries, a review is generally considered when it appears that effective representation across wards has become unbalanced.

Provincial Policy Direction

The Government of Ontario has established a 10-year target of 113,000 new households for the City of Brampton through *Bill 23: More Homes Built Faster Act*. While intended to address existing housing deficits that reduce availability and affordability for existing residents, staff is anticipating there may be some level of population growth and redistribution associated with this target and have expressed concern to the Province through the various Environmental Registry of Ontario (ERO) Postings, and through the City's endorsed Housing Pledge.

Staff is awaiting the release of a new consolidated Provincial Policy Statement (PPS) and Growth Plan for the Greater Golden Horseshoe, which should provide new direction from the Province as to how population growth is to be forecasted and allocated to regional and local municipalities. At the time of submission of this report, staff did not have any indication of when the Province will release the new consolidation of the PPS and Growth Plan.

With an aggressive housing target and new provincial land use planning policy forthcoming, updated population and employment forecasting is required to properly plan for and accommodate the increased levels of growth. The focus of residential development within the City of Brampton is anticipated to continue to shift from greenfield to intensification as the City's remaining vacant greenfield areas continue to steadily develop. Accordingly, increased housing targets would be largely directed to the City's Strategic Growth Areas (SGAs) within the City's built-up areas (BUAs). Regional staff has set up a technical working group or groups to work with local municipal staff to confirm growth allocations and to agree where we should consider trying to accelerate growth as an adjusted short-term high growth scenario to 2031.

The increased population and employment forecasts, determining where growth will take place, and upcoming provincial policy should play a significant role in determining new ward boundaries.

Preliminary Population Forecasts for Future Election Years

Updated preliminary population forecasts provided to the Region of Peel by Hemson Consulting Ltd. have been included as Appendix 1 to this report. Appendix 1 also includes population forecasts for the next three election cycles – these figures have been interpolated by staff, from the data provided by Hemson.

The data in Appendix 1, which has been updated for the 2021 Census, was received by the Region in December 2023. As mentioned earlier, the City's Planning, Building and Growth Management Department will be working with the Region to confirm growth

allocations in regards to Bill 23. It is expected that there may be a significant change in the projected population forecasts leading up to the 2030 Municipal Election, given the housing targets set by the Ontario Government for 2031. It is expected that updated population forecasts that incorporate Bill 23 will become available in the coming months. Keeping in mind that Bill 23 considerations may impact the future projected population forecasts, Planning staff is comfortable with the current data up to the year 2031.

Population Variance

The generally accepted maximum population size variance between wards is 25% (or 33% in certain cases). However, a 10% variance is considered ideal.

Based on current population forecasts, the following variances will exist for the 2026 Municipal Election:

- Ward 6 will have a variance of 67%
- Ward 10 will have a variance of 36%
- All other wards will fall within the generally accepted threshold of 25% variance
- Only three wards (Wards 4, 5 and 9) will fall within the optimal 10%

Current data also shows that Wards 2, 6 and 10 will fall outside of the 25% percent variance threshold for the 2030 election:

- Ward 2 will have 27% variance
- Ward 6 will have 78% variance
- Ward 10 will have 43% variance

When comparing variance between the existing ward pairings, all ward pairings remain within the generally accepted 25% threshold for the 2026 election.

This means that while some wards will be outside of the variance threshold for the 2026 election, if the existing ward pairings and Council composition are maintained, the variance for each ward pairing is within the acceptable margin of 25%, although not within the optimal margin of 10% variance.

If Council decides to undertake a ward boundary review, such review should aim to rebalance the population variance for each ward as opposed to any ward pairing (if maintained).

Terms of Reference

A draft Terms of Reference for a ward boundary review has been included as Appendix 2 to this report.

1. Review Criteria

Within the Terms of Reference, key criteria and guiding principles have been established, which include:

- Effective representation, the primary goal of a review
- Representation by population (voter parity)
- Population trends and growth (i.e. development and intensification)
- Physical boundaries (natural and built)
- Protection of established neighbourhoods and communities

The work completed over the past few years by the Nurturing Neighbourhoods project will be beneficial when reviewing established communities across the city.

2. Project Team and Council Steering Committee

The Terms of Reference also include a proposed cross-departmental project team to conduct the review, should Council decide to conduct the review internally. The proposed project team will be led by the City Clerk's Office and will include team members from Legislative Services, Planning, Building and Growth Management, Corporate Support Services, and the Office of the Chief Administrative Officer.

The work of this team would be overseen by the Governance and Council Operations Committee. This Committee's mandate includes Council governance, structure and composition, matters which can include ward boundaries. Staff recommends that the Governance and Council Operations Committee serve as the steering committee for this review.

As mentioned earlier, a number of municipalities have used external consultants to lead their ward boundary reviews. If Council decides to approve the use of an external consultant, staff recommends that the City Clerk's Office lead the project in partnership with the consultant. Alternatively, Council could direct another Department/Division to lead the consulting assignment.

While the City Clerk's Office is confident that the work can be completed internally, successful completion of the project will require support from other departments.

3. Timelines for Review and Implementation

The Act specifies the timeline for completion of a ward boundary review. Any ward boundary changes must be complete and final by December 31 in the year preceding an election.

Any decision by Council to change ward boundaries is subject to public notice and possible appeal to the Ontario Land Tribunal (OLT). Any appeals must be fully resolved by December 31, 2025 in order for the ward boundary changes to take effect for the 2026 Municipal Election.

If appeals are not resolved prior to that date, the changes would not take effect until the 2030 Municipal Election. Appendix 3 includes extracts from the Act relating to the legislated timelines.

The Terms of Reference include a proposed timeline for a ward boundary review with all work (including a public consultation period) completed by January 2025. This should allow ample time for any appeals to be considered and resolved by the OLT.

For reference, several parties appealed the outcome of the City of Toronto's ward boundary review. Two parties also appealed the City of Hamilton's review decision.

If Council wishes to hire an external consultant for this work, the draft timelines in the Terms of Reference would be adjusted to accommodate the Request for Proposal (RFP) process. A minimum of 70 days is generally required for completion of an RFP process. The consultant may further suggest adjustments to the timeline based on their experience, and if they are involved in ward boundary reviews in other municipalities.

4. Other Considerations

Post-Ward Boundary Review Work

Once a ward boundary review has been completed, and any appeals resolved, work will begin in order to finalize the new ward boundaries. Ward boundary change information will be provided to Elections Ontario, which now has legislated responsibility for the Preliminary List of Electors for municipal elections.

School Board Trustee Representation

School boards rely on elector ward population information in order to determine their trustee distribution. Currently there are five trustees for the Peel District School Board (one for each ward pairing), and three trustees for the Dufferin-Peel Catholic District School Board (one trustee for wards 1, 3 and 4, one trustee for wards 2, 5 and 6, and one trustee for wards 7-10). The trustee distribution has remained the same for the last three municipal elections.

If the outcome of a ward boundary review includes substantial changes in ward boundaries, trustee distribution could potentially be impacted. Any changes to trustee distribution would be communicated to voters throughout the election period.

Budget Requirements

If a review of ward boundaries is undertaken, public notice will be required, and there will likely be costs associated with public consultation and engagement. Strategic Communications has estimated this cost to be \$100,000.

Any outcomes of a review are subject to appeal to OLT, which could have further financial implications.

If Council wishes to engage an external consultant for this work, the estimated cost for this engagement is \$250,000, based on information provided by similar sized municipalities. It is anticipated that this cost would include costs for public consultation. This budget amount may be further refined based on the results of a Request for Proposal (RFP) process.

Next Steps

The following options exist for Council's consideration:

Option 1 – Change Council composition and conduct review for boundary realignment

Council may decide to change its composition (or explore options regarding a composition change) which will establish the preconditions for Council's governance structure, and serve as the basis for staff to conduct a ward boundary review.

The Ward Boundary Review Terms of Reference (Appendix 2) would be adopted to guide the process, which would be overseen by the Governance and Council Operations Committee.

Option 2 – Conduct review to realign boundaries only

Council may direct staff to conduct a ward boundary review with Council composition remaining unchanged. The review would focus exclusively on ward boundary realignment.

The Ward Boundary Review Terms of Reference (Appendix 2) would be adopted to guide the process, which would be overseen by the Governance and Council Operations Committee.

For Options 1 and 2, staff would request Council to provide direction on whether to commence the review internally through the City Clerk's Office or to engage an external consultant.

Option 3 – No review

Although Council confirmed its intent to complete a ward boundary review in advance of the 2026 Municipal Election, Council may decide not to proceed with a ward boundary review at this time. This decision could result in further petitions by members of the public and appeals to the OLT.

Corporate Implications:

Financial Implications:

If Council chooses to proceed with an internal-led ward boundary review, a budget amendment and new capital project will be required in the amount of \$100,000 for public consultation and engagement, with funding to be transferred from Reserve Fund #25 – Municipal Elections.

If Council chooses to proceed with an external-led ward boundary review, a budget amendment and new capital project will be required in the amount of \$250,000, with funding to be transferred from Reserve Fund #25.

The 2025 and 2026 Operating Budgets will require additional contributions to Reserve Fund #25 to accommodate the ward boundary review.

Reserve Fund #25 – Municipal Elections	Internal-Led Ward Boundary Review	External-Led Ward Boundary Review
Balance (After Commitments) as at November 30, 2023	\$1,652,866	\$1,652,866
Estimated Cost of Ward Boundary Review	-\$100,000	-\$250,000
Ending Balance	\$1,552,866	\$1,402,866

Other Implications:

Legal Implications – A by-law would be required to ratify the final ward boundary changes. The by-law must be enacted (or approved/amended through an order by the OLT, if appealed) by December 31, 2025. The passing of a by-law for newly established ward boundaries can be appealed by a member of the public.

Purchasing Implications – If Council decides to engage an external consultant to lead a Council composition and/or ward boundary review, an RFP process will be required. The general timeframe for an RFP process is 70 days.

Communications Implications – If the review is led internally, Strategic Communications will develop a detailed communication and engagement plan. Emphasis will be placed on engagement with residents, businesses, and other stakeholders, while educating on

the ward boundary review via community engagement opportunities, multimedia and media outreach, ethnic media, marketing opportunities and creative assets.

If the review is led by a consultant, it is presumed that the consultant will lead a public engagement plan approved by Strategic Communications.

If the review leads to new or revised boundaries and/or changes to Council composition, a by-law and public notice would be required.

Strategic Focus Area:

This report achieves the Strategic Focus Area of Government & Leadership by facilitating a dialogue on representative government.

Conclusion:

The last ward boundary review was conducted and implemented ahead of the 2014 Municipal Election. Similar to previous population forecasts, preliminary projections suggest a significant population increase in Wards 6 and 10 in the coming years. Population forecasts are subject to change with Bill 23 implementation.

If Council directs staff to initiate a ward boundary review and/or a Council composition change, the Terms of Reference attached as Appendix 2 should be adopted.

Appendix 2 – Terms of Reference – Ward Boundary Review

Objective

The City of Brampton will undertake a Ward Boundary Review to arrive at an effective and equitable system of representation across all wards, and present to Council options for a new ward system to be in place for the 2026 Municipal Election.

The review shall consider the following:

- History of previous ward boundary changes in the city
- Legal proceedings and outcomes of relevant Ontario Land Tribunal (OLT) hearings and Supreme Court case decisions
- Future growth with the intent that any ward boundary changes will be relevant for the next 2-3 elections
- Public input
- Political representation at both the City and the Region of Peel

Review Criteria and Guiding Principles

In reviewing ward boundaries, the following criteria shall be considered:

- 1) Effective representation
Voters should be equally represented to the greatest extent possible.
- 2) Representation by population
Population numbers should be relatively equal in each ward. The review should consider both the present inconsistency in population numbers and forecasted figures.
- 3) Population trends and growth
The review should consider the impact of development and intensification on population.
- 4) Physical boundaries
The review should consider physical boundaries, both natural and built.
- 5) Protection of established neighbourhoods and communities
The review should endeavour to preserve established neighbourhoods.

Project Team

It is recommended that the following departments/divisions participate as members of a Ward Boundary Project Team, which will be overseen by a committee of Council:

Department	Division
Legislative Services	<ul style="list-style-type: none">• City Clerk's Office (lead)• Legal Services
Planning, Building and Growth Management	<ul style="list-style-type: none">• Integrated City Planning
Corporate Support Services	<ul style="list-style-type: none">• Strategic Communications• Digital Innovation and IT (Location & Data Services and Digital Interactions)
Office of the Chief Administrative Officer	<ul style="list-style-type: none">• Corporate Projects and Government Relations and Public Liaison (as required)

Other departments and staff will be consulted and engaged as required.

Steering Committee Oversight

It is recommended that a political steering committee be established to guide the review process. The Governance and Council Operations Committee could serve as the steering committee, as the ward boundary review is within the mandate of the Committee. It is recommended that this committee provide the necessary oversight.

Public Consultation

A public consultation period will form an important part of the ward boundary review. Members of the public will have the opportunity to participate in the review and provide their opinions on proposed changes.

An engagement strategy will be developed with the assistance of Strategic Communications and will include:

- Steering committee meetings
- Open houses
- Online engagement

Timelines

The following is a general timeline for completion of a Ward Boundary Review if conducted internally:

Timeframe	Activities
March – August 2024	<ul style="list-style-type: none"> Project team undertakes a ward boundary review with oversight of steering committee, in full consideration of noted criteria.
September 2024	<ul style="list-style-type: none"> Steering Committee and Project team reports to Committee of Council with ward boundary scenarios and options.
September – October 2024	<ul style="list-style-type: none"> Formal public consultation period, including: <ul style="list-style-type: none"> Steering committee meetings Open houses Online engagement <p>Various community engagement activities may take place through entire project</p>
November/December 2024	<ul style="list-style-type: none"> Final report and by-law(s) presented to Council for approval.
January 2025	<ul style="list-style-type: none"> Notice of passing of by-law(s) published and 45-day appeal period.*
January/February 2025	<ul style="list-style-type: none"> Assuming no appeals, staff begin work to implement changes.
March – July 2025	<ul style="list-style-type: none"> City Clerk's Office and GIS staff will review all changes related to the new ward boundaries.
August 2025	<ul style="list-style-type: none"> Provide Elections Ontario with ward boundary change information.
December 31, 2025	<ul style="list-style-type: none"> By-law must be passed and any appeals resolved before December 31, 2025, or ward boundary changes would not come into effect until after the second regular election (2030).

* Within 15 days of a by-law being passed, notice will be placed advising the public that anyone can submit an appeal to the Ontario Land Tribunal (OLT) but must do so within 45 days of the by-law being passed. If no appeal is submitted during the appeal period, the by-law stands and the new ward system would come into effect the first meeting of the newly elected Council in 2026.

Appendix 3 includes an extract from Sections 217, 222 and 223 of the *Municipal Act, 2001*, which includes the legislated timelines.

Potential Delays

- Appeal to OLT – any appeal to the by-law(s) (commencing potentially in February 2025), may impact the timelines for work that staff is required to complete.
- Use of an external consultant – If Council decides to engage an external consultant to conduct the review, the timelines would be adjusted to include a 70-day RFP process. In addition, the consultant would likely suggest changes to the timeline based on their experience and expertise. For example, some ward boundary reviews have included two separate phases of public consultation.

Recommendations:

1. That the report from Eugenia Bashura, Legal Counsel, Real Estate & Planning Law to the Council Meeting of February 28, 2023, re: **Mayfield Industrial GP Inc. and Mayfield Industrial LP, the owners of Blocks 12, 13, 14, 15, 37 and 38 on Plan 43M-1907, consent to the City de-registering Blocks 12, 13, 14, 15, 37 and 38 on Plan 43M-1907 from a plan of subdivision in order to legally merge these parcels of land**, be received;
2. That Council enact a by-law to deem Blocks 12, 13, 14, 15, 37 and 38 on Plan 43M-1907 not to be a part of a registered plan of subdivision for the purposes of subsection 50(3) of the *Planning Act*; and
3. That the City provide notice of passage of the by-law as required by subsection 50(29) of the *Planning Act*.

Overview:

- Mayfield Industrial GP Inc. and Mayfield Industrial LP own seven (7) adjacent parcels of land, out of which six (6) are Blocks on a registered plan of subdivision Plan 43M-1907 and one (1) is a part of a lot.
- Mayfield Industrial GP Inc. and Mayfield Industrial LP submitted Minor Variance and Site Plan applications to redevelop these lands with six (6) industrial buildings.

- As a condition of Minor Variance application approval, the City of Brampton required Mayfield Industrial GP Inc. and Mayfield Industrial LP to consent to the inclusion of a condition requesting Council, by by-law, to deem the six (6) Blocks on Plan 43M-1907 not to be a part of a registered plan of subdivision.
- De-registration of the six (6) Blocks on Plan 43M-1907 will allow these lands (i.e., six (6) Blocks and one (1) part of a lot) to legally merge into one parcel and will prevent Mayfield Industrial GP Inc. and Mayfield Industrial LP from selling or charging a portion of these lands without first having to obtain the Committee of Adjustment’s consent.

Background:

Mayfield Industrial GP Inc. and Mayfield Industrial LP (“**Owners**”) are the registered owners of seven (7) adjacent parcels of land in the City of Brampton (“**City**”), out of which six (6) are Blocks on a registered plan of subdivision Plan 43M1907 and one (1) is a part of a lot (the “**Subject Lands**”). The Subject Lands are legally described below:

# Parcels	PIN	Legal Description
1	14225-0137	BLOCK 12, PLAN 43M1907; CITY OF BRAMPTON
2	14225-0138	BLOCK 13, PLAN 43M1907; CITY OF BRAMPTON
3	14225-0139	BLOCK 14, PLAN 43M1907; CITY OF BRAMPTON
4	14225-0140	BLOCK 15, PLAN 43M1907; CITY OF BRAMPTON
5	14225-0162	BLOCK 37, PLAN 43M1907; CITY OF BRAMPTON
6	14225-0163	BLOCK 38, PLAN 43M1907; CITY OF BRAMPTON
7	14225-2721	PART LOT 16 CONCESSION 3 EAST OF HURONTARIO STREET, TOWNSHIP OF CHINGUACOUSY, PART 1 43R41179; CITY OF BRAMPTON

The Owners submitted Minor Variance and Site Plan applications to redevelop the Subject Lands with six (6) industrial buildings. In the Minor Variance application, the Owners sought variances relating to setbacks, authorized uses, landscape open space width and that the Subject Lands be considered one (1) lot for zoning purposes.

Blocks 12, 13, 14, 15, 37, and 38 are whole Blocks on a registered plan of subdivision Plan 43M1907 (attached as **Appendix 1**). This means that the Owners can sell or charge any of these parcels at any time without having to obtain a consent from the Committee of Adjustment. If the Owners sell or charge these Blocks individually, as opposed to as one lot, it will fracture the Subject Lands and may lead to various issues, such as issues with servicing, access, parking, zoning, etc.

As a condition of the Minor Variance application approval, the City required the Owners to consent to the inclusion of a condition requesting Council by by-law to deem Blocks 12, 13, 14, 15, 37, 38 on Plan 43M1907 not to be a part of a registered plan of subdivision

for the purposes of subsection 50(3) of the *Planning Act* (“**Deeming By-law**”). This will allow the Subject Lands to legally merge.

On November 14, 2023, the Committee of Adjustment approved the Minor Variance application subject to the Owners complying with the City of Brampton’s conditions of approval. The Committee of Adjustment’s Notice of Decision is attached as **Appendix 2** and the condition relating to the passing of the Deeming By-law is condition # 7.

Current Situation:

Subsection 50(4) of the *Planning Act* enables Council by by-law to designate any plan of subdivision, or part thereof, that has been registered for at least eight (8) years, and deem it not to be a registered plan of subdivision for the purpose of subsection 50(3) of the *Planning Act*.

The enactment of the Deeming By-law in this case will result in the legal merger of the Subject Lands into one (1) parcel.

Plan 43M1907 was registered on November 9, 2012. As such, the eight-year registration requirement has been met. Furthermore, the City’s Planning Department is in favour of this request for de-registration and has concluded that it represents good planning and conforms to the policies and regulations for the area.

Corporate Implications:

Financial Implications:

There are no financial implications.

Legal Implications:

The enactment of the Deeming By-law will result in the legal merger of the Subject Lands into one parcel.

Strategic Focus Area:

This report furthers the following strategic focus area:

- Growing Urban Centres & Neighbourhoods: Focusing on an economy that thrives with communities that are strong and connected.

Conclusion:

It is recommended that Blocks 12, 13, 14, 15, 37, and 38 on Plan 43M-1907 be de-registered to effect the legal merger of the Subject Lands. This represents good planning and conforms to the policies and regulations for the area.

Report number: Community Services-2024-186

RECOMMENDATIONS:

1. That the report from Kelly Stahl, Director, Cultural Services to the Council Meeting of February 28, 2024, re: **Revised Tamil Genocide Monument Design**, be received;
2. That Council approve the proposed revised design for the Tamil Genocide Monument;
3. That subject to the proposed revised design meeting the site specifications, staff be directed to dispense with the surplus declaration process and negotiate a Site Agreement with the National Council of Canadian Tamils (NCCT), inclusive of the NCCT assuming all costs related to the monument, including, without limitation, fabrication, installation, ongoing maintenance, and deaccessioning;
4. That Council delegate the authority to the Commissioner, Community Services to execute such agreement and/or other documents as may be required to implement Council's resolutions and directions relating to the Tamil Genocide Monument, including such terms and conditions as may be satisfactory to the Chief Administrative Officer and in a form acceptable to the City Solicitor or designate; and
5. That staff be directed to develop a comprehensive Commemoration Policy to govern the creation, placement, and management of monuments, memorials, and other forms of commemoration on municipally owned properties.

OVERVIEW:

- At their regular meeting on June 8, 2022, Council provided approval (CW293-2022) to proceed with the installation of the Brampton Tamil Association's Monument at Chinguacousy Park, subject to the revised design.
- At their regular meeting on November 1, 2023, Council approved a motion (C267-2023) for the National Council of Canadian Tamils (NCCT) to lead the project of constructing the Tamil Genocide Monument with the assistance of

- the City of Brampton, Brampton Tamil Association (BTA), Brampton Tamil Seniors Association (BTSA), and other relevant stakeholders.
- The NCCT, in consultation with relevant stakeholders, has proposed a revised design (see Attachments 1 and 2) for Council's approval.
- The NCCT aims to retain ownership of the monument and seeks a long-term license (Site Agreement) with the City. Therefore, Council needs to provide approval to dispense with the surplus declaration process and negotiate a Site Agreement with the NCCT.
- Subject to Council's approval, staff will ensure that the approved design meets site specifications, formalizing details in the Site Agreement with the NCCT.
- The NCCT will bear all costs related to the monument's fabrication, installation, deaccessioning, and ongoing maintenance.
- There is no financial impact resulting from the adoption of the recommendations outlined in this report.
- This report seeks approval for the proposed Tamil Genocide Monument while highlighting the opportunity to develop a Commemoration Policy to guide decision-making for future projects.

BACKGROUND:

Council Resolution and Project Initiation

At their regular meeting on June 8, 2022, Council provided approval (CW293-2022) to proceed with the installation of the Brampton Tamil Association's Monument at Chinguacousy Park, subject to the revised design.

At their regular meeting on November 1, 2023, Council requested (C267-2023) that the NCCT lead the project to build the Tamil Genocide Monument, with the assistance of the City of Brampton, the Brampton Tamil Association (BTA), the Brampton Tamil Seniors Association (BTSA), and all other relevant stakeholders.

The National Council of Canadian Tamils (NCCT) is a leading national organization representing Tamil Canadians in Canada, advocating on behalf of Tamil people to achieve recognition, accountability, and justice for the Tamil Genocide committed against them in Sri Lanka.

The National Council of Canadian Tamils Proposed Revised Design

As a result of leading this project, the NCCT, with support from relevant stakeholders, is proposing a revised design detailed in Attachments 1 and 2 of this report. As per Council resolution C267-2023, this monument will remember and memorialize the Tamil people's lives lost during the Tamil Genocide.

Staff is working with the NCCT to support the monument's technical approval, installation, and other terms to be outlined in the Site Agreement.

CURRENT SITUATION:

Parks and Recreation staff collaborated with relevant stakeholders to select a location within Chinguacousy Park for the Tamil Genocide Monument, which Council approved at the June 8, 2022 Committee Meeting (CW293-2022). The proposed site, measuring approximately 10m x 8m, offers excellent visibility and access without negatively impacting nearby park amenities.

Given the approved site, the NCCT, supported by BTA and BTSA, is presenting the revised design concept outlined in Attachments 1 and 2. The NCCT is responsible for independently managing the monument's procurement and installation, with assistance from City staff.

As the NCCT aims to retain ownership of the memorial, the City must provide a license to the NCCT to locate its monument on the site and grant access rights to perform its obligations. In order to negotiate a long-term license with the NCCT, this report seeks Council approval to dispense with the surplus declaration process (this allows for the Site Agreement to be 21+ years in length).

The Site Agreement allows the NCCT's monument to be installed at Chinguacousy Park and to remain on City property, contingent upon meeting specific requirements, including that the site remains open and accessible to the public and that the NCCT assumes all obligations and costs associated with the monument, without limitation, including fabrication, installation, insurance, maintenance, repair, and eventual deaccessioning, removal, and disposal.

Staff is assisting the NCCT in obtaining technical approval for the monument, overseeing its installation, and outlining terms in the Site Agreement. Any further revisions to the proposed design directed by City staff will be made to ensure the monument aligns with the specifications of the agreed-upon location, with efforts made to minimize impacts on the presented design. Staff will continue to work with the NCCT to finalize the Site Agreement and will provide project updates to Council at key milestones throughout the construction process.

Policy Framework for Monument Approval

Under the Council-approved Interim Framework for Public Art on Municipal Infrastructure (CW521-2021), civic monuments and memorials intended to honour individuals, groups, or events of significant importance to Brampton are subject to Council approval.

In alignment with other municipalities and to support the growing number of requests for monuments and memorials on municipally-owned properties, staff recommend establishing a comprehensive Commemoration Policy to guide future initiatives.

Staff propose initiating the process by developing a simplified interim commemoration framework, outlining basic principles, criteria, and procedures for evaluating and approving commemorative projects. Following the establishment and implementation of this interim framework, the development of the comprehensive Commemorative Policy will be informed by the insights gained and lessons learned during its implementation.

CORPORATE IMPLICATIONS:

Financial Implications – There is no financial impact resulting from the adoption of the recommendations in this report. The NCCT will agree to assume full costs of the monument project including, without limitation, fabrication, installation, deaccessioning, and ongoing maintenance.

Legal Implications – Legal Services will work with Staff to review a Site Agreement with the NCCT and will approve as to form an agreement on terms which the Chief Administrative Officer finds appropriate and applicable for the City.

STRATEGIC FOCUS AREA:

This report aligns with the Strategic Focus Area of Culture and Diversity, emphasizing cultural diversity, fostering cross-cultural understanding, and promoting artistic expression and production.

CONCLUSION:

Staff recommends approval of the revised design proposed by the NCCT for the Council-approved Memorial Project at Chinguacousy Park. Upon Council approval of this report, staff will work with the NCCT to finalize a Site Agreement that clearly outlines ownership and responsibilities for the maintenance and ongoing management of the monument. Further, through developing a Commemoration Policy, the City of Brampton aims to establish a robust framework that upholds best practices and ensures the thoughtful and meaningful integration of monuments and memorials into public spaces.

7.1 Staff Update re: Government Relations Matters

Note: This item was brought forward and dealt with prior to the delegations.

Item 9.3.1 was brought forward and dealt with at this time.

Andrzej Hoffmann, Manager, Government Relations and Public Liaison, Office of the CAO, provided a presentation, which included information and updates on matters relating to the Regional, Provincial and Federal Governments, the Federation of Canadian Municipalities (FCM), and the Credit Valley Conservation Authority (CVC).

Committee discussion took place with respect to the following:

- Expansion of the A. Grenville and William Davis Courthouse
- Impact of the Justice of the Peace shortage and related advocacy
- Landlord/tenant issues, and backlog at the Ontario Landlord and Tenant Board

The following motion was introduced.

"Whereas the City of Brampton is calling on the Province to strengthen existing legislation to empower landlord rights in an effort to reduce the number of landlord/tenant issues creating a backlog at the Ontario Landlord and Tenant Board; and

Whereas Brampton has experienced a high and growing number of converted residential rental units also known as additional residential units in existing neighbourhoods; and

Whereas Brampton is home to a significant number of international students, many of whom find housing in residential rental units; and

Whereas the City of Brampton is the first city to endorse an International Students Charter and has continuously advocated for the federal and provincial governments to better address issues related to the high number of international students being housed in the City; and

Whereas the Province of Ontario has recently announced a requirement for post-secondary institutions to guarantee adequate housing options for incoming international students; and

Whereas the Province of Ontario is allowing additional residential units (ARUs) to be included in municipal housing targets; and

Whereas the City of Brampton recently launched the Residential Rental Licensing (RRL) Pilot Program to more effectively uphold local health, safety and property standards; and

Whereas, the RRL Pilot will also help collect data on the number of ARUs within Brampton; and

Whereas landlords with residential rental properties in Brampton are concerned about the backlog of tenant issues at the Ontario Landlord and Tenant Board, particularly related to overcrowding of tenants due to tenant subletting outside of lease agreements,

Therefore be it resolved that:

1. The Mayor, on behalf of Council write a letter to the Minister of Municipal Affairs and Housing, that asks the Landlord and Tenant Board to prioritize cases of licensed landlords in Brampton and strengthen landlord rights related to tenants who break agreements of their lease, including but not limited to, subletting to other tenants and excessive past-due rent; and
2. A copy of this letter be sent to the Attorney General of Ontario and all Brampton MPPs."

Committee discussion took place with respect to the above-noted motion. An amendment was introduced, and accepted by the mover, to amend clause 1 to read as follows:

1. The Mayor, on behalf of Council write a letter to the Minister of Municipal Affairs and Housing, that asks the Landlord and Tenant Board to prioritize cases of licensed landlords in Brampton and strengthen landlord rights and find a fair balance of landlord and tenant rights related to tenants who break agreements of their lease, including but not limited to, subletting to other tenants and excessive past-due rent, and also address the backlog of cases; and

Further Committee discussion included the following:

- Pause of the RRL pilot program due to concerns raised by landlords
- Impact of the backlog at the Ontario Landlord and Tenant Board

Further amendments to the motion were introduced, and accepted by the mover, to:

- delete the following paragraphs:

Whereas the City of Brampton recently launched the Residential Rental Licensing (RRL) Pilot Program to more effectively uphold local health, safety and property standards; and

Whereas, the RRL Pilot will also help collect data on the number of ARUs within Brampton; and

- further amend clause 1 to read as follows:
 1. The Mayor, on behalf of Council write a letter to the Minister of Municipal Affairs and Housing, that asks the Landlord and Tenant Board and find a fair balance of landlord and tenant rights related to tenants who break agreements of their lease, including but not limited to, subletting to other tenants and excessive past-due rent, and also address the backlog of cases; and
